

# Interfolio's Faculty Technology Suite

## SUPPORT FOR THE FULL ACADEMIC STAFF LIFECYCLE

### A single platform for academic staff work, data, and decisions.

Interfolio offers institutions a single source of validated information about academic activity—and a single experience for academic staff members when performing career-related work.

The four products in the Interfolio enterprise suite account for the full range of decisive career moments that arise throughout the scholar's lifecycle. Used as a whole, the full faculty technology suite gives institutions comprehensive support for and visibility into academic employment.

#### **INTERFOLIO ACADEMIC SEARCH**

Run complex, efficient academic searches in a shared governance context. Provide incoming candidates a professional introduction to the institution. Give committees a secure, organised digital space for review.

#### **INTERFOLIO ACADEMIC ACTIVITY REPORTING**

Collect validated academic staff data sets for accreditation, compliance, and activity reporting. See the full picture of academics' contributions at your institution.

#### **INTERFOLIO REVIEW AND PROMOTION**

The only technology on the market dedicated to handling the complex workflows involved in academic staff probation, promotion, and review. Provide academic staff a user-friendly, secure online means to submit their work during the most sensitive and important decisions of their career.

#### **DOSSIER**

Equip academics at your institution with a lifelong, private, and professional online space to collect, curate, and submit academic materials—such as those for review, probation, or promotion at your institution.

To partner with Interfolio is to make a concrete move to ensure your institution's administrative structure reflects the centrality of academic staff as drivers of the mission of higher education.

*"Excellent client service is the component that sets Interfolio apart from its competitors. The fact that I can instantly contact someone at Interfolio, who will either solve my problem or refer it to a team of engineers, has helped me more times than I can count."*

FACULTY DOSSIER COORDINATOR AND AFFIRMATIVE ACTION OFFICER,  
OFFICE OF THE PROVOST, HAVERFORD COLLEGE

## PUBLIC SUPPORT FOR ALL USERS

If your institution uses Interfolio, all users have access to a publicly available customer and technical support team—9:00 AM to 6:00 PM, Monday through Friday, via phone and email.

Our support team is open to academic staff, administration, applicants, external letter writers, and anyone else with a question or concern. In this respect, our attitude differs from the bureaucratic approach of other academic enterprise software vendors.

**Interfolio supports academic work, data, and decisions at over 200 institutions worldwide.**
